it was the best of times
it was the worst of times
it was the age of wisdom
it was the age of foolishness
it was the spring of hope
it was the winter of despair
we had everything before us
we had nothing before us

charles dickens
a tale of two cities

there was sporadic unity
there was perpetual chaos
some were out of it
some never lost sight of it
we respected no one
we despised no one
we were tolerated
we were not accepted
